

ESC WORKSHOP – DAY 1

Wednesday July 14, 2010

The Lincoln Ballroom at the Minuteman Club

1425 Kirtland Street, Hanscom Air Force Base, MA, 01731

Agenda

Time	Company	Speaker (Name/Title)	Topic
0730-0800	Check-in	Continental Breakfast, Coffee, Beverages	
0800	DeVenCI Welcome and Opening Comments ESC Welcome and Overview		
Company Presentations			
0830	Object Video		Computer vision automatic classification and tracking
0855	VideoIQ		Intelligent video surveillance including cameras, encoders, storage and analytics
0920	MotionDSP		Video/image processing software, real-time and pos-mission video exploitation applications
0945	BREAK		
1000	Perceptive Pixel		Multi-touch sensing display solutions up to 81” x 48”
1025	Reserved		
1050	BREAK		
1110	Innovative Wireless Technologies		Wideband and ultra-wideband mesh networks and unattended ground sensors

Time	Company	Speaker (Name/Title)	Topic
1135	Mobile Fusion		Multi-INT sensors, sensor fusion, AI, and wireless communications
1200	LUNCH		
1300	CWID Overview – Steve Campbell		
Company Presentations			
1315	Delphix		Database clustering, replication and data de-duplication
1340	Layer 7 Technologies		SOA and cloud security and governance for both private and public clouds
1405	BREAK		
1430	Achronix		Fast, field programmable gate arrays with 1.5GHz throughput
1455	Fulcrum Microsystems		High-performance Ethernet switching silicon for the data center, enterprise and service provider markets
1520	Saratoga Data Systems		Bandwidth efficient voice and data communications adaptable to diverse mobile, multi-path environments
1545	BREAK		
1600	Government Caucus		
1630	ADJOURN DAY 1		

ESC WORKSHOP – DAY 2

Thursday July 15, 2010

The Lincoln Ballroom at the Minuteman Club

1425 Kirtland Street, Hanscom Air Force Base, MA, 01731

Agenda

Time	Company	Speaker (Name-Title)	Topic
0730-0800	Check-in	Continental Breakfast, Coffee, Beverages	
0800	DeVenCI Opening Comments ESC Welcome		
Company Presentations			
0830	Clear Path Labs		Extensible and customizable location-aware, spatially-enabled, permissions-based collaborative COTS software solution
0855	Aster Data Systems		Meta-scale data warehouse, analytics, database, grid computing, large dataset mining
0920	Terascale		High throughput, scalable parallel storage appliances optimized to move data to applications quickly
0945	BREAK		
1000	Semandex Networks		Information management applications enabling collaborative analysis and investigations using multi-source intelligence

Time	Company	Speaker (Name-Title)	Topic
1025	InRAD LLC		Automated knowledge discovery system (Inspire)
1050	BREAK		
1110	Reserved		
1135	Pancetera		Virtual appliance with single access point to virtual storage environment for storage I/O reduction and virtual machine density increase
1200	LUNCH		
Company Presentations			
1315	Pyxis Mobile		Mobile enterprise application platform
1340	Adapx		Geospatial mapping, digital forms, digital pen technologies
1405	BREAK		
1430	FireEye		Malware and botnet detection and protection
1455	Referentia		Providing visual analysis of policy, rules, configuration and topology
1520	Triumfant		Network anomaly detection and information assurance
1545	BREAK		
1600	Government Caucus		
1630	ADJOURN DAY 2
